

New Rule for Drop Animals

The Gallia County Fairboard proposed and passed this new change for 2016. It will read as the following:

Market steer, lambs, hogs, and/or goat exhibitors will have the option to send their drop animal(s) to resale or butcher, or to take the animal(s) home. The animal(s) must be signed up for release through the current drop slip system. The animal(s) will be removed on Thursday night of the fair after approximately 11:00 PM. If taken home, only the exhibitor or their representative may remove the animal from the fairgrounds. They will need to have the animal signed out by a fairboard member.
