6. If your fair or show asks additional questions, those will be step 4 or 5 on the progress bar. Answer any questions and click Continue.
7. If your fair requires you to upload any files for the exhibitor, those will be step 5 or 6 on the progress bar. Upload requested files and click Continue.

Below the progress bar, a message states: 'Please review the exhibitor registration.' with a green 'Continue to Entries' button. The form is divided into two sections: 'Personal Details' and 'Contact Info', each with an 'Edit' button. The 'Contact Info' section includes fields for Email, Home Phone (555-123-4444), Cell Phone, and Cell Phone Carrier.

Step Two - Creating Entries for Exhibitors

Each exhibitor can have multiple entries. One entry must be made for each item, animal, class, etc. For example, if an exhibitor is bringing 2 photographs, two entries into the photography class must be created. If an exhibitor is showing one horse in 5 events, five class entries must be created. Once all entries have been created for the first exhibitor, you have the choice of creating another exhibitor in this exhibitor group (and entries) or proceeding to check-out (submitting the entries, whether or not fees are charged).

1. Click Add an Entry beside the correct exhibitor (if more than one has been created).

At this point, you will continue on with either the Multiple Entry process, or the Single Entry Process, depending on the option that your fair or show selected. The Multiple Entry process is described beginning on page 5, and single entries are described beginning on page 6.

Creating Class Entries Using the Multiple Entry Process

If your fair or show has turned on the Multiple Entries option for this area, you will see a screen similar to the view at the right, below. If you do not see checkboxes next to each class, this area uses the single-entry process, and that process is described beginning on page 6.

1. Click Change to select the Club to which these entries will be associated.
2. If this is an Animal Entry, click Add Animal and enter the Animal's details.
3. If this is a pen or group entry, Add multiple animals and then select to Enter a pen of animals.
4. Select which animals will be part of this entry (NOTE: these animals will be available for this exhibitor to use in other entries, if needed).
5. Check the box next to each class this animal will enter.

6. If this is not an animal entry or if animals will be added at check-in, simply select the classes and number of entries in each class that you would like to create for this exhibitor. Click Continue.

7. Review the entries. If you need to make any changes, click Cancel. If everything is correct, click Create Entries.

8. If you need to add another exhibitor, click on the Exhibitors button at the top left and repeat the steps to create a new exhibitor.
9. If all entries are complete, click Continue to Payment.
10. If you need to add more entries for an existing exhibitor, click Add an Entry.

The screenshot shows the 'Entries' tab in the top navigation bar. Below it, a message states 'There are 4 entries belonging to 2 exhibitors in this invoice.' A green box with the text 'Everything looks good!' and a 'Continue to Payment' button is visible. Below this, a user profile for 'Benimble, Jack' with '4 Entries' is shown. A modal titled 'Choose Department and Division' is open, displaying a list of departments: 'Meat Goats', '231: Breeding Meat Goats', '232: Market Meat Goats', and '239: Meat Goat Showmanship'. Each department has a 'Select' button. At the bottom of the modal are 'Cancel' and 'Choose' buttons.

Creating Entries Using the Single Entry Process

If your screen does not resemble the picture on the right below, your fair may have used the multiple entry process in this area. See the section above, beginning on page 5.

1. Select the appropriate class.
2. Click Continue

The screenshot shows the 'Entries' tab in the top navigation bar. Below it, a message states 'Starting an Entry'. A list of departments is shown: 'Meat Goats', '232: Market Meat Goats', '23210: Market Meat Goat Wethers', '23211: Market Meat Goat Does', and 'Sale - Resale of Market Goats'. Each department has a 'Select' button. On the right, a user profile for 'Benimble, Jack' with '10/1/2021' and 'FFA' is shown. Below this, a list of 'Existing entries (3)' is displayed, including entry #1317 with details: Department: Horse, Division: 312: Horse Showmanship, Class: 31250: Miniature Horse Driving - All grades. At the bottom, entry #1318 is partially visible with details: Department: Horse.

3. Select a Club or Chapter for this entry. If this is an open class entry a Club or Chapter may not be required.
4. If this is not an animal class entry, follow the instructions on-screen to enter any additional information such as Entry Description, Custom Questions or Custom Files associated with that entry.

The screenshot shows the 'Club/Chapter' selection step in the entry process. A progress bar at the top indicates the current step is 1 of 3. Below the progress bar, a message states 'Please select the 4-H Club or FFA Chapter that is associated with this entry.' A list of clubs is shown: 'Selected Club: None', 'Suggested Club: Demo FFA Chapter (Last Club Selected)', 'Busy Beavers', 'Clever Clover Kids (Demo)', 'Curious Carvers', 'Demo County Boy Scouts', and 'Demo County Girl Scouts'. Each club has a 'Select' button. A search bar is also present at the top of the club list.

5. If this is an **animal class entry**, you may be required to specify which animal will be exhibited in this class; that may be optional; or you may NOT be able to specify the animal at entry time. If you are able to do that, you will see the option to “Add an animal”.
6. You will have two choices. Select “Choose an Existing Animal Record” to import and select animals from 4HOnline or animals already entered in FairEntry. Choose “Enter a New Animal Record” to enter new animal information.
7. Fill in all of the fields with information about the animal you intend to exhibit. Click Create and Add Animal when finished. If the animal information was entered incorrectly, you have the option to either Remove From Entry (creating a new animal) or Edit Animal Details. When it’s correct, click Continue.
8. Any questions or file uploads related to entry in this class will be next. Click Continue after answering those questions or uploading documents.

9. When each class entry is complete, you have three choices for what to do next:
 - a) If all class entries have been completed for one exhibitor, you can **Register another Exhibitor** in this exhibitor group.
 - b) If this exhibitor has more class entries to make, you can **Add another Entry for this Exhibitor**. Do this until all entries for all exhibitors are complete, then Continue to Payment.

Submitting Entries

When all entries for all exhibitors in the exhibitor group have been completed, **Continue to Payment** to finalize and submit your entries. You must submit your entries even if there are no fees, so no payment is required.

1. Review your entries for completeness and accuracy. *Notice the Summary and Detail buttons at the top of the list on the right.* If there are errors, click on the green Entries section at the top of the page. Click Continue when all information is correct.
2. Once all entries have been entered for exhibitors in your family, submit the invoice for approval.
3. You will receive an email message when the entries have been submitted for approval. You will receive a second email when the entries have been approved.

YOU MUST REGISTER ALL EXHIBITORS AND PROJECTS WITH SAME FAMILY EMAIL BEFORE YOU PROCEED TO PAYMENT (CHECKOUT).

1. When finished, click continue to payment. Review your detailed family invoice, click the "detail" button (beside the summary button) on the invoice line. Click continue 3 times.
2. Check the agree to terms box and click Submit.
3. ONCE YOU HAVE SUBMITTED YOU CAN NO LONGER EDIT YOUR ENTRIES.
